International School

SCHOOL PROFILE

COREE INTERNATIONAL SCHOOL the ESCOLA INTERNACIONAL DE JOINVILLE - is an IB Continuum World School, bilingual, with a Brazilian identity that offers an international education, hosting more than 560 students from Early Childhood (K1) to High School.

Founded in 2009 under the name of ESCOLA INTERNACIONAL SOCIESC, until 2016 was supported by Sociedade Educacional de Santa Catarina, SOCIESC. In 2016, Instituto Core, a non-profit organization, became the legal sponsor company changing its name to Escola Internacional de Joinville – Joinville International School. In July 2019, Instituto Core launched a new name and brand for the School, which is now called Coree International School.

Since its foundation, the school has been very important for Joinville by providing high standards of educational, moral, and ethical principles and preparing students for the changing times, equipping them with versatility and creativity.

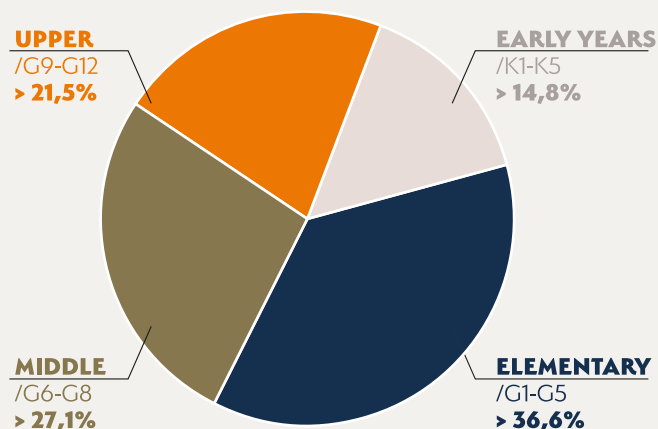

We focus on developing learning competencies that go beyond the classroom walls with the objective of giving the students the opportunity to become lifelong learners who are able to communicate bilingually in a spontaneous way.

Coree International School mission statement is:

“PREPARE PEOPLE FOR A PROMISING FUTURE.”

Coree International School also offers a wide variety of extracurricular activities involving dance, drama and sports. The school has sports teams for swimming, basketball, soccer and volleyball.
